Writings on Psychoanalysis

By Louis Althusser

I. A Conflictual Science, Freud and Marx, even their contemporaries and followers, like Lacan, or another heir
II. How the future of a Psychoanalyst is a Reverie which heals and only heals, anyone who is a true psychoanalyst which

means also a philosopher or engaging with philosophy

I. A Conflictual Science, Freud and Marxism

I mean it is a conflictual science, and engagement is needed. I mean the Communist Party and I mean psychoanalysis.

II. Psychoanalyst

A psychoanalyst who is a philosopher or with such merit is then – a bit of poetic Hegel from Lacan – a man who is not with issues of crime, but a political leader, I mean a analyst who has some philosophy with him is a leader, I also mean heroic, and is the best at handling a life affair.
